2017/2018**

Contacting your officers or directors

Contact information is provided for all Officers and Directors for your convenience. Any and all of them are ready to answer your questions or entertain your concerns. In order to protect their privacy and family time, the preferable way to make contact is by e-mail or by U.S. mail. If there is some urgency to your concerns, you may phone and leave a message. All inquiries will be answered on a timely basis. Unless there is an absolute emergency, please do not visit their homes and even in this case, if possible, try to call in advance to announce your visit.
